

Welcome to AP Psychology with Ms. Stephans!

You are to define the following terms written below on note cards with a definition from any dictionary, including a reputable one on the Internet. They must be physical notecards and not electronic ones. Make sure you know and understand these terms in detail as they will present in the text, lecture, and other auxiliary materials. These are due the second day of school for your first grade.

15. cessation
16. complement/
complementary
17. component
18. comprehension
19. confound (aka
extraneous)
20. conscious vs. conscience
21. constitute
22. contemporary
23. context
24. contribute
25. convey
26. correlate/corollary/
correlation
27. covert/overt
28. cumulative
29. define (learning
objective)
30. demonstrate (learning
objective)
31. describe (learning
objective)
32. deviate
33. disable/enable
34. discern
35. discipline
36. discrepancy
37. discriminate
38. discuss (learning
objective)
39. disparate/disparity/dispa
rage
40. dynamic vs. static
41. efficient
42. eliminate
43. empathy vs. sympathy
44. empirical/empiricism
(term)
45. entrapment
46. essential
47. exhibit
48. exists
49. expedient/expedite
50. explain (learning
objective)
51. explicit vs. implicit
52. extricate
53. facilitate
54. hinder
55. holistic
56. illustrate (learning
objective)
57. identify (learning
objective)
58. independent vs.
dependent (term)
59. infer
60. inherit
61. inhibit/inhibition
62. injustice
63. innate/inherent
64. latent vs. manifest
65. manipulate
66. migration
67. novel objective vs.
subjective
68. omission
69. onset
70. optimal
71. optimistic vs. pessimistic
72. periphery
